The weekly Deadweight Average Pig Price [DAPP] finished on 1 October 2014 and AHDB is now producing the weekly Standard Pig Price [SPP] and All Pig Price [APP]. The SPP is based on data from abattoirs and includes pigs of just 'standard' specification. Pigs on which premiums exist for certain production systems, feed regimes or breeds, including schemes such as Freedom Foods, are 'non-standard pigs' and are not included in the SPP. The APP is based on a sample of pig marketing groups and includes both 'standard' and 'non-standard' pigs2017
